

**Owl**  
Child Care  
Services of Ontario

# Director Profile

## Alisha Michiels, Director

**Centre:** Community Rep

Alisha is on the Nominating Committee

**Do you have children in care now? If so, what is/are their names and which program and centre are they enrolled in.**

I am currently expecting my first child, who is on the wait list for the new Tartan Avenue location.

**Why did you decide to get involved with Owl's Board of Directors?**

I wanted to get involved with Owl's Board of Directors to be involved and have a say in the childcare organization we hope our child will attend. I am interested in being a part of such an amazing organization and having a voice in the direction it is going.

**How has being a Director on the Board benefited you personally and professionally?**

Being a Director on the Board has given me a new perspective on the amazing work that our childcare providers do. It has also challenged me professionally in learning more about the strategic work of an organization.

**What would you say to a member who is not planning to attend the AGM because they believe it is just a boring review of the financials?**

I think the AGM is such an important opportunity for members to find out more about the Owl operations over the previous year, as well as their future direction. Having a voice in that direction and being able to vote on important decisions is a great way for parents to get more involved in the work Owl does to support our children.
