

## Teresa Godglick, Director

Centre: Saint John Paul II  
Co-Chair of the Nominating Committee

### Tell us a bit about yourself and why you chose Owl for your family's child care needs?

I'm a new mom of two little ones under 4 years of age. I love to spend time with my young family and I also love my fast-paced busy career. I feel that educating and helping our children develop is incredibly critical from the start. This is the reason why my husband and I chose Owl for our daughter and later our son. Owl does a phenomenal job at providing my child with a very safe and nurturing environment, with very kind and caring staff. When my son entered Owl after my daughter is when I really learned the greater value of my children going to Owl. With the milestone evaluations by the educators and with our own concerns, our son received the almost immediate attention for his speech delay. I am so incredibly thankful for how Owl educators took the extra time to connect with the speech therapist and ourselves, made sure to understand how best to interact with our son's needs, kept us updated and overall addressed the concern early on. I'm a person that likes to be in the know, but at the end of the day, still feel like I'm not missing out on everything by having a career.

### What would you say to someone who is contemplating joining the Board but is not sure what they can bring to the table or whether they have the right skill set?

If someone is considering joining the Board, I would tell them that this is a Board with a phenomenal mentoring program. Throughout the Board members, we have small triad groups who meet to discuss the upcoming meeting materials. Meetings can take place through a conference call, on a message platform, or even in person over a beverage/meal.

### What would you say to a member who is not planning to attend the AGM because they believe it is just a boring review of the financials?

For a member that is not planning to attend the AGM, I would tell them that the meeting agenda is much more than talking about numbers. The AGM is a time for us to share our new programs that may be in place, changes that will impact Owl, sharing our company goal, voting on important matter and celebrating our educators.

### How do you find work-life balance and still meet your commitment to Owl's Board?

I'm a planner. Owl's calendar of mandatory meeting throughout the year allows me to fully understand what key dates are coming up, plus there aren't that many meeting throughout the year; once every two months.
